END OF YEAR REPORT

Peru
Mission

PLANTING VIBRANT CHRISTIAN CHURCHES TO SERVE THE URBAN CENTERS OF NORTHERN PERU.

A REFLECTION

The Lord has a reputation for restoring to his people what the locusts have eaten (Joel 1.4; 2.25). This past year has demonstrated that once again!

The pandemic finally released its hold on Peru in 2022 and things are returning to something more like normalcy. The strong dollar and high energy costs still have Peru in a deep recession, and extremely high fertilizer costs are affecting agricultural exports as well as local food supplies. But . . . even with all that our churches in Cajamarca and Trujillo have much to be thankful for and can report that indeed the Lord has blessed us!

Thank you for your faithful prayers and generous financial partnership!
