

# Theological Education

Since 2000, through literature, conferences, and academic programs the Areopago Cristiano has been a source of serious-minded instruction in the Bible, theology, history, apologetics, and mission. In addition to training pastors and church planters, we prepare leaders in numerous other vocations to effectively serve Christ and His Kingdom where God has placed them.

## How You Can Help

Help us train pastors, church planters, and Christian leaders by praying regularly for our instructors, students, and apprentices. Also, please consider sponsoring a scholarship for a new student or apprentice, or giving financially to our Literature Translation and Publication Fund.
